	(Contd. from page 1)
P261	Avoid breathing mist/vapours/spray.
P280	Wear protective gloves.
P302+P35	2 IF ON SKIN: Wash with plenty of water.
P333+P31	3 If skin irritation or rash occurs: Get medical advice/attention.
P501	Dispose of contents/container in accordance with local/regional/national/international regulations.
· 2.3 Other ha	izards
 Results of 	PBT and vPvB assessment
• PBT: Not	applicable.
• vPvB: No	applicable.

SECTION 3: Composition/information on ingredients

· 3.2 Mixtures

· Description:

Aqueous dispersion of a copolymer not requiring labelling. Mixture of the substances listed below including additives not requiring identification.

 Dangerous components: 		
CAS: 69011-36-5 EC number: 931-138-8 Reg.nr.: 01-2119976362-32-X	Isotridecanol, ethoxylated (≥ 2,5 - ≤ 7 EO) ↑ Acute Tox. 4, H302; Eye Irrit. 2, H319; Aquatic Chronic 3, H412	< 2.5%
CAS: 2682-20-4 EINECS: 220-239-6 Reg.nr.: 01-2120764690-50-X	2-methyl-2H-isothiazol-3-one Acute Tox. 3, H301; Acute Tox. 3, H311; Acute Tox. 2, H330; Skin Corr. 1B, H314; Aquatic Acute 1, H400 (M=10); Aquatic Chronic 1, H410 (M=1); Skin Sens. 1A, H317; STOT SE 3, H335, EUH071 Specific concentration limit: Skin Sens. 1A; H317: C ≥ 0.0015 %	≥ 0.0015 - < 0.025%
 Additional information For the second second	he wording of the listed hazard phrases refer to	section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures	
• After inhalation Supply fresh air; consult doctor in case of symptoms.	
· After skin contact	
Wash with water and soap.	
Remove contaminated clothing.	
Wash contaminated clothing before re-use.	
In case of skin irritations or sensitizing effects, consult doctor.	
· After eye contact	
Rinse opened eye for several minutes under running water.	
Remove contact lenses if possible.	
Use eye protection.	
In case of permanent aches and pains please go and see the doctor.	
• After swallowing	
Rinse out mouth with water.	
In case of persistent symptoms consult doctor.	
4.2 Most important symptoms and effects, both acute and delayed	
No further relevant information available.	
· 4.3 Indication of any immediate medical attention and special treatment needed	
A symptomatic therapy is to be induced.	
	EU -

(Contd. from page 2)

SECTION 5: Firefighting measures

· 5.1 Extinguishing media

· Suitable extinguishing agents

The product itself does not burn.

Use fire fighting measures that suit the environment.

Extinguishing powder, foam or water jet. Fight larger fires with water jet or alcohol-resistant foam.

• For safety reasons unsuitable extinguishing agents None known. • 5.2 Special hazards arising from the substance or mixture

Inhalation of combustion gases may cause serious health hazards.

During incomplete combustion carbon monoxide can be formed.

· 5.3 Advice for firefighters

• **Protective equipment:** Wear self-contained breathing apparatus.

SECTION 6: Accidental release measures

 6.1 Personal precautions, protective equipment and emergency procedures Avoid contact with eyes and skin.
 Ensure adequate ventilation
 Particular danger of slipping on leaked/spilled product.

Particular danger of slipping on leaked/spilled product.

6.2 Environmental precautions: Do not allow to enter drainage system, surface or ground water.
 6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders). Dispose of the material collected according to regulations.

• 6.4 Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for information on disposal.

SECTION 7: Handling and storage

 • 7.1 Precautions for safe handling Avoid direct contact with eyes, skin and clothing. Do not inhale gases/vapours/aerosols. Ensure sufficient ventilation.

· Information about protection against explosions and fires: No special measures required.

· Handling

Do not eat, drink or smoke while working. Wash hands during breaks and at the end of the work.

• 7.2 Conditions for safe storage, including any incompatibilities

- Storage
- Requirements to be met by storerooms and containers: Keep container tightly closed.
- Protect from frost.
- Information about storage in one common storage facility: Keep away from food, drink and animal feeding stuffs.
 Do not store together with textiles.
- Further information about storage conditions: Protect from heat and direct sunlight.
- · 7.3 Specific end use(s) No further relevant information available.

· Pyrophoric liquids	Void	
Pyrophoric solids	Void	
Self-heating substances and mixtures	Void	
 Substances and mixtures, which emit 		
flammable gases in contact with water	Void	
· Oxidising liquids	Void	
• Oxidising solids	Void	
· Organic peroxides	Void	
· Corrosive to metals	Void	
 Desensitised explosives 	Void	

SECTION 10: Stability and reactivity

• 10.1 Reactivity No further relevant information available.

10.2 Chemical stability

- *Thermal decomposition / conditions to be avoided:* No decomposition if used according to specifications.
- 10.3 Possibility of hazardous reactions No dangerous reactions known
- 10.4 Conditions to avoid No further relevant information available.
- 10.5 Incompatible materials: No further relevant information available.
- 10.6 Hazardous decomposition products:

None in case of intended use and storage in compliance with instructions.

SECTION 11: Toxicological information

• 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008 • Acute toxicity Based on available data, the classification criteria are not met.

· LD/LC50 values that are relevant for classification:

69011-36-5 Isotridecanol, ethoxylated (\geq 2,5 - \leq 7 EO)

- Oral LD50 > 2,000 mg/kg (rat) (OECD 423)
- Dermal LD50 5,960 mg/kg (rabbit)

Inhalative LC0 \geq 0.3 mg/l/8h (rat)

2682-20-4 2-methyl-2H-isothiazol-3-one

Oral LD50 120 mg/kg (rat)

Dermal LD50 242 mg/kg (rat)

• Skin corrosion/irritation Based on available data, the classification criteria are not met.

• Serious eye damage/irritation Based on available data, the classification criteria are not met.

• **Respiratory or skin sensitisation** May cause an allergic skin reaction.

- Germ cell mutagenicity Based on available data, the classification criteria are not met.
- Carcinogenicity Based on available data, the classification criteria are not met.
- **Reproductive toxicity** Based on available data, the classification criteria are not met.
- **STOT-single exposure** Based on available data, the classification criteria are not met.
- STOT-repeated exposure Based on available data, the classification criteria are not met.
- Aspiration hazard Based on available data, the classification criteria are not met.

· 11.2 Information on other hazards

· Endocrine disrupting properties

None of the ingredients is listed.

SECTION 15: Regulatory information

 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

· Directive 2012/18/EU

· Named dangerous substances - ANNEX I None of the ingredients is listed.

• REGULATION (EC) No 1907/2006 ANNEX XVII Conditions of restriction: 3

• DIRECTIVE 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment – Annex II

None of the ingredients is listed.

· REGULATION (EU) 2019/1148

• Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3))

None of the ingredients is listed.

· Annex II - REPORTABLE EXPLOSIVES PRECURSORS

None of the ingredients is listed.

· National regulations

· Water hazard class: Water hazard class 2 (Self-assessment): hazardous for water.

• Substances of very high concern (SVHC) according to REACH, Article 57

None of the ingredients is contained.

· 15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

These data are based on our present knowledge. However, they shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

· Relevant phrases

H301 Toxic if swallowed.

H302 Harmful if swallowed.
